CASE STUDY

Bergen Catholic High School Equipment Management Success

Bergen Catholic High School in Oradell, New Jersey, stands as a powerhouse in high school football, with an impressive legacy of 20 state championships. The school's football program has been particularly dominant in recent years, securing state titles in 2021, 2022, and 2023 in the Non-Public Group A division.

The Challenge

- 20-time state champions in Non-Public Group A
- Seeking to track \$1000s in football equipment
- Time-consuming equipment recovery process

The Solution: Equipment Essentials

- Issued Equipment reporting
- Direct communication tracking
- Streamlined inventory management

The Results

- 99% equipment return rate
- Eliminated postseason gear chase
- More focus on athletic performance

RFID

Reconditioners, NOCSAE, Manufacturers

Youth Leagues, Schools, Small Colleges

Large Colleges, Professional Teams

Founded in 2012 — launched as a simple solution to eliminate paperwork from Texas football helmet tracking

Expanded worldwide — now serving **hundreds of organizations** across the USA, Middle East, and Asia

Innovation leader — created the national football helmet database for NOCSAE, reconditioners, and manufacturers, tracking over **four million helmets**

NFL collaboration — partnered on a four-year pilot to track every helmet and shoulder pad in each game
